DISAPPOINTED AT REJECTIONS

Sportsmen's Battalion Suffered Yesterday.

Arrangements for Meetings in Interest of Sport.

Recruiting for the Two Hundred and Forty Sportsmen's Battalion continued with great success, and judging from present indication it will keep up for some time to come. While good recruits are being obtained in the securing of men, it is rather disappointing at time to have so many applicants turned down by the doctors.

No time is being wasted in the organization of the sportsmen's team, and getting the players down to work. Yesterday afternoon the first practice of the team was held at Victoria Park.

The mother's meeting of James Street Baptist Church will be held on Wednesday afternoon at 2.30. Dr. W. O. Stevenson will give a talk on "The Care of the Eyes."

BOAT SERVICE TO NIAGARA

Subject Before Committee of the Board of Trade.

Improved Telephone Service Being Arranged For.

Boat service from Hamilton to Niagara Camp this summer was one of the subjects discussed at a meeting of the Transportation Committee of the Board of Trade held yesterday.

As a result of a suggestion by Mr. W. Long, Grand Truck Divisional Freight Agent, that improved telephone service in the committee office would be appreciated by the public, Mr. Long and Mr. A. M. Adams conferred with the committee and gave assurance of their desire to accommodate the city's business interests in any practical way suggested by the committee.

Long stated that a test was being placed on long distance calls to determine whether it was strictly economical to operate long distance calls, and he hoped at an early date to reflect on the matter.

Local Branch of the Secours National Will Undertake Big Campaign.

YEAR'S OPERATIONS

Officers and Committees Elected at the Annual Meeting Yesterday.

That the Secours National is doing a great work in the alleviation of suffering in the present struggle was amply demonstrated yesterday afternoon at the annual meeting of the society, and more evident still was the fact that they intend to increase and broaden their scope of work. The meeting was held in the Board of Trade rooms, and was presided over by Mr. John M. Gibson, honorary president. In opening he briefly explained the work of the society, making plain, saying that its aim was to contribute in a small way to the alleviation of the sufferings of war in the Republic of France. "If no material benefit comes from the fact that we are not forgetful of France and the good things which they are achieving, the contributions we are making result in the alleviation of suffering which show that we, no doubt, have the appreciation of the people of France for what is being done."

Mr. W. H. Lovering, honorary secretary, then read the minutes of the last meeting, following with a splendid report of the year's work, telling in concise but complete form, the activities of the Hamilton branch since its organization. In the absence of the treasurer, Mr. C. A. Ross, he also presented the financial statement for the year. A letter of thanks was received from the Toronto branch, for a valuable contribution of the Hamilton society. All supplies have so far been sent through the Ontario branch, and it was pointed out that much time and labor would be saved by having them sent to France direct. Two methods were presented by which this might be accomplished, the Overseas Transport and the American War Relief Clearance House.

Dr. Lyle, in the absence of Mr. Geo. C. Coppley, brought before the meeting some important information in connection with the society. One of these was the regrettable fact that only 120 members have directly to the Secours National last subscription received. The society ought to reach a larger number and more money is needed. He suggested several ways in which money might be obtained, as well as the sympathy of the people.

On behalf of the Paardburg Chapter, Chapter Hospital Committee, which recently offered to materially assist the Secours National in every way possible, Mr. Geo. C. Coppley and Mrs. (Dr.) Stornes spoke briefly. They mentioned that over \$10,000 had been spent by the hospital supplies, and that, realizing that hospitals in France are as well equipped as ours, as well as the greater need of supplies than here, they were willing to assist as best they could. Mrs. Stornes gave a high praise of Paardburg Chapter, and great need for assistance such as could give. Mr. Whitton and Mr. Gibson, as well as a number of the members, spoke of the vast need for assistance in France and suggested plans for the raising of funds.

Senior City Baseball League Will Open Saturday April 29

Schedule Adopted at Last Night's Meeting and Officials for Season Appointed--Will Play Until Sept. 21st.

The City League will get down to business early this season, and will be playing until late in the season, for at a meeting of the league officials held last evening it was decided upon to open the league on Saturday, April 29, and conclude on Saturday, Sept. 16, which means that twenty-one games will be played in all. The meeting held last evening at Dixon's sporting goods store, King street east, saw representatives from each team on hand, and the enthusiasm shown means a very successful season for the amateurs, for steps will be taken to supply a best baseball possible, and in all probability this season the fans will see several of the speed merchants in action that helped to make the season of 1915 the most stepped into higher company a few years ago.

The schedule for the first Saturday was drawn up and read as follows: Two clubs, Century Club, A. Tigers, Four o'clock, Woodlands, B. Mount, C. Rifles.

The drawing up of the full schedule was left in the hands of Fred Lewis, and he will report back on Friday night.

The appointment of an umpire was the next item on the programme, and after a short consultation Percy Hennessey was appointed. Harper and Tillman were seen in applications early in the week, but Hennessey was the one to win, and his past experience with the amateurs secured him the position. Dave Lanning was appointed ground keeper and T. J. Moore official scorer.

When the City League gets under way this season baseball fans will see some fast baseball played, for the players already rounded up by each team are not new comers to the game, by any means, but men who have played good fast baseball on both sides of the border. The Mounties are expected to be some strong outfit for the majority of their players have from Kingston and for the past few years have been playing in the City League since.

Liost, Sept, who represented the soldiers at last night's meeting, made a remarkable showing and expects to take the leading overseas with them.

Sergt. Harry Clifton represented the Tigers and also spoke of the good team that the yellow and black could round up. Fred Lewis, who has been last year's players in tow for the Century Club this season, and the Woodlands expect to have a first-class team by April 29.

The Woodlands will have a meeting in the club rooms on Barton street about the 10th inst.

Sport and Comment

It looks like a record crowd for the big boxing show to be held at the Savoy theatre on Thursday night, for the draw of the C.M.R. boxing show for the season has been a success. The programme is one of the best that has ever been arranged for any boxing tournament in this city, and it is a safe bet that it will be some time before news of such rallies are matched again to this city.

This thing of being a baseball manager is not all that it is cracked up to be. Ask Joe McLintock, who used to be the greatest "iron man" in baseball. When at last the metallic wind of the great major league twirler gave way, he got a job as manager of the Newark Internationals. That was in 1909. In 1913 Joe had saved enough money to realize his dream of becoming a manager. He invested the savings of his lifetime in the Toronto club of the Northwestern League, and prepared to settle down to spend his declining years in peace and luxury. Lately it has been ascertained that Joe has dropped his whole net in the den of the wiser men going to prize fights.

"Now look here," Joe said, "I would you want your own team? I prize fight? Would you even want to be a manager? No, of course you wouldn't. If you admit those things in woman that are so much better than what we men have, why wouldn't I want my wife to see a fight? Why? Well, don't exactly know why, but I'm sure well sure I wouldn't want her there, and it goes against my grain to see other women there. Boxing has always been considered a man's sport, and I think it always will be."

Remember when the Feds were over to free the baseball players? Remember the lamplighters were over the yards about the players who were
